## Participant Development Model –Tenpin Bowling

### Legend

↓ Indicates entry points into Tenpin Bowling. Participants may enter at any level depending on their age or skill level.

←→ Two – way arrow reflects movement of participants into and involvement in different levels. Participants can progress to other levels as their skill level develops or remain at a chosen level.

- - - → Beginner bowlers would typically enter at the Community Sport Level then progress through the Competition levels as they develop their skills.

□ The size of the box reflects the potential representation of the population in that environment.
